

17.May.2022

Healthcare robotics sessions	Virtual reality sessions
08:45 Welcome and registration	
09:00 Introduction	09:00 Introduction
09:15 The role of (interoperability) standards in innovation and overcoming barriers in robotics for SMEs and users - some examples from laboratory science and automation <i>Dr. Patrick Courtney</i>	09:15 Haptic Feedback <i>Dr. Strahinja Dosen (Aalborg University) / Dr. Matija Strbac (Tecnalia Serbia)</i>
10:15 Bridging the gap between market and research using standards and benchmarking tools <i>Dr. Diego Torricelli</i>	09:45 Virtual reality <i>Dr. Ferran Argelaguet (Inria)</i>
11:15 Coffee break	
11:45 Cybersurgery	11:45 Iñaki Aramburu (Oroi Tech, Co-CEO and Co-founder)
12:45 Lunch	
14:00 Discussion panel on standards and best practices <i>Moderated by Dr. Ainara Garzo</i>	14:00 Discussion panel on virtual reality <i>Moderated by Dr. Thierry Keller</i>
14:30 Conclusions - <i>Moderated by Dr. Thierry Keller</i>	
14:45 Coffee break	
15:15 Networking / TACTILITY System demonstration	
16:15 TECNALIA's laboratory visit and demonstrations (1,5h)
